# A Reinforcement Learning Model Of Selective Visual Attention

**plan - cambridge machine learning group** - model-based reinforcement learning (day 1: introduction) michael l. Littman rutgers university department of computer science rutgers laborator y for real-life reinforcement learning **lecture 1: introduction to reinforcement learning** - lecture 1: introduction to reinforcement learning outline 1 admin 2 about reinforcement learning 3 the reinforcement learning problem 4 inside an rl agent **model-based reinforcement learning - college of engineering** - model-based reinforcement learning soumya ray and prasad tadepalli school of eeecs, oregon state university july 10, 2009 1 synonyms indirect reinforcement learning **reinforcement learning as a model of aposematism** - 2 reinforcement learning a typical reinforcement learning scenario is an animal inhabiting a state space  $S$ , such that at  $k$  iteration it "lives" in state **lipschitz continuity in model-based reinforcement learning** - lipschitz continuity in model-based reinforcement learning s 1 s 1 f (s) f (s) figure 1. an illustration of lipschitz continuity. pictorially, lipschitz continuity ensures that flies in between the two affine **pac model-free reinforcement learning** - pac model-free reinforcement learning adopt a crisp, if somewhat unintuitive, definition. for our purposes, a model-free rl algorithm is one whose **structure learning in motor control: a deep reinforcement ...** - structure learning in motor control: a deep reinforcement learning model ari weinstein (ariweinstein@google) deepmind, london, uk matthew m. botvinick (botvinick@google) **package 'reinforcementlearning' - the comprehensive r ...** - package 'reinforcementlearning' april 8, 2018 type package title model-free reinforcement learning version 1.0.2 date 2018-04-07 maintainer nicolas proelochs **model-based reinforcement learning as cognitive search ...** - model-based reinforcement learning as cognitive search: neurocomputational theories nathaniel d. daw center for neural science and department of psychology, new york university **model selection in reinforcement learning - oldtaki** - model selection in reinforcement learning 3 a good chance of fitting to the noise in the data, which results over fitting. for a quantification of the tradeoff involved in choosing fin the case of gen- **a neural model of hierarchical reinforcement learning** - a neural model of hierarchical reinforcement learning daniel rasmussen (drasmuss@uwaterloo) chris eliasmith (celiasmith@uwaterloo) centre for theoretical neuroscience, university of waterloo **introduction to reinforcement learning** - introduction to reinforcement learning rich sutton reinforcement learning and artificial intelligence laboratory department of computing science university of alberta, canada r a i l & part 1: why? the coming of artificial intelligence • when people finally come to understand the principles of intelligence—what it is and how it works—well enough to design and create beings as ... **model-based reinforcement learning with continuous states ...** - marc p. deisenroth, carl e. rasmussen, and jan peters: model-based reinforcement learning with continuous states and actions in proceedings of the 16th european symposium on
